BL KHADEM INTERNATIONAL ENTERPRISES L.L.C

## ABOUT US

**BL KHADEM INTERNATIONAL ENTERPRISES** was established in the year 2012 in mining Industry focusing on trading of construction aggregates to the GCC countries, mainly targeting on exports to neighboring countries.

With slow and steady growth of business leaded by young & Dynamic Entrepreneur, in 2019 BL KHADEM registered themselves as an LLC company.

We are majorly involved in end-to-end process of aggregate business starting from production – transportation – trading & development of the mining Industry.

Currently BL KHADEM is one of the leading producers and traders of construction aggregates, primarily crushed stone and sand.

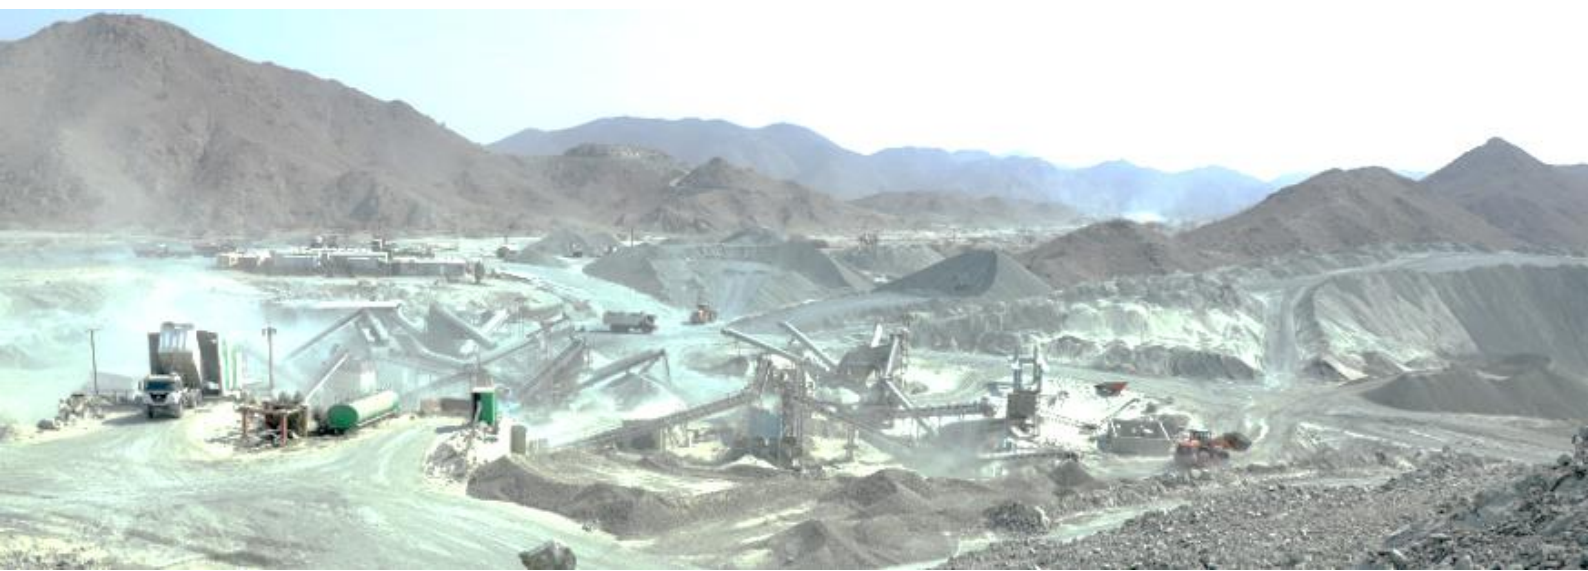

We produce these materials from natural deposits such as granite, limestone and trap rock. Our quarrying process typically begins with drilling and blasting the mountain rock into pieces followed by transporting the same to the crusher location, then various stages of crushing and screening to get the finest quality product with the specified sizes and specifications desired by our customers.

## CRUSHERS UNDER OPERATION

- **RABOA AL-JABAL AL-BAIDHA & ASSTD**  
Monthly production capacity (10 & 20 mm) **160,000 TONS**
- **AL FAJAR AL ALAMIA CO. SAOG**  
Monthly production capacity (10 & 20 mm) **150,000 TONS**
- **GHASWAN COMMERCIAL PROJECTS LLC**  
Monthly production capacity (10 & 20 mm) **80,000 TONS**
- **PREMIER INTERNATIONAL PROJECTS LLC**  
Monthly production capacity (10 & 20 mm) **160,000 TONS**
- **BIN HAMOOD AND PARTNERS INTERNATIONAL LLC**  
Monthly production capacity (10 & 20 mm) **60,000 TONS**

## PRODUCTION

<p><b>RABOA AL-JABAL AL-BAIDHA &amp; ASSTD</b>            Monthly production capacity (10 &amp; 20 mm)  <b>160,000 TONS</b></p>	<p>Line One : PROPEL 500 TPH            Line Two : PUZZOLANA 500 TPH</p>		
<p><b>AL FAJAR AL ALAMIA CO. SAOG</b>            Monthly production capacity (10 &amp; 20 mm)  <b>150,000 TONS</b></p>	<p>METSO 500 TPH</p>		
<p><b>GHASWAN COMMERCIAL PROJECTS LLC</b>            Monthly production capacity (10 &amp; 20 mm)  <b>80,000 TONS</b></p>	<p>Line One : CHINA PLANT 300 TPH            Line Two : CHINA PLANT 400 TPH</p>		
<p><b>PREMIER INTERNATIONAL PROJECTS LLC</b>            Monthly production capacity (10 &amp; 20 mm)  <b>160,000 TONS</b></p>	<p>Line One : SANDVIK 400 TPH            Line Two : 3 Line Impactor 750 TPH</p>		
<p><b>BIN HAMOOD AND PARTNERS INTERNATIONAL LLC</b>            Monthly production capacity (10 &amp; 20 mm)  <b>60,000 TONS</b></p>	<p>Line One : TEREX 300 TPH            Line Two : SAES &amp; METSO 350 TPH</p>		

## LIST & TYPE OF PRODUCTS

**BL KHADEM INTERNATIONAL ENTERPRISES** is one of the leading producers of construction aggregates, primarily crushed stone and sand. We produce diverse range of construction aggregates to meet the needs of an increasingly technical industry. Quarried from the finest selected Gabbro, Our broad range of aggregates are renowned for their consistency and quality. The crusher product range is categorized as follows:

- GABRO (10MM / 20MM / 25MM / 40MM)
- ARMOR ROCKS
- AGGREGATE BASE COARSE
- GRANULAR SUB BASE
- CRUSHER SAND (5MM)
- WASHED SAND

## SOURCE OF RAW MATERIAL

**Gabro**

## TRANSPORTATION DIVISION

We are in the process of expand and establish our own transportation division in 2020 to ensure on time delivery of aggregates to our valued clients.

We are operating three stage transportation:

- **FEEDING:** Transportating blasted source materials from blasted area to Crusher.
- **CRUSHER – STOCK PILE:** Transportating final products from conveyers to Crusher Stock pile.
- **PORT:** Transportating final products from Crusher Stock pile area to our yard in the port.

We are capable to increase the number of trucks to match market requirements at present we are dealing with 145 outsourced trucks.

We are transporting the materials from our partnering crushers to our yard in the port on regular basis according to the storage capacith & occupancy of materials and deliver them as per our orders in the shortest possible period and ensure non-stop process.

## QUALITY CONTROL

The Crusher products are tested periodically in Third Party Laboratories.

Our Partners: Element

## SAFETY

Protecting the safety and health of our employees and being responsible stewards of the environment are essential priorities for BL KHADEM INTERNATIONAL ENTERPRISES LLC and compliance with safety, health and environmental laws and regulations is the minimum standard of performance.

### **The following guide lines have been practiced:**

- 🛡️ Safety drill is being performed every week from the in house safert officer.
- 🛡️ Ensuring all the operators and drivers equipped with safety equipments and checking are they correctly assessed and competent to operate the equipment.
- 🛡️ Ensure that all the out side vehicles and equipment are complying our safety requirement and checking the relevant safety devices.
- 🛡️ Recording the fault of all equipment and vehicles and ensures that the correct measures are carried out for dealing with these faults.
- 🛡️ Rewarding operators who are good at safety & motivating others to follow the same.

## ENVIRONMENT FRIENDLY

The following guide lines have been followed for the protection of environment:

-  Regular sprinkling of water is ensured on roads and premises so that no dust is generated due to vehicular movement.
-  Regular cleaning and wetting of ground with in premises.
-  Adequate plantation has been maintained al over the premises.
-  We have a policy that on any celebration days we plant trees & allocated the same to crusher employees for cate taking.
-  Material loaded on trucks are covered with tarpaulin sheets.
-  We also do dust suppression systems for effective dust control.
